

This week, FPA Sri Lanka strengthened regional and global collaboration through a key mid-term review meeting, while continuing awareness sessions and mobile outreach services across districts to expand young people's access to accurate information and essential care, alongside preparations for Medicare 2026.

Mid-Term Review: Strengthening Sex Work Policy

FPA welcomed Planned Parenthood Association of Thailand the lead organization of the Sex Work Policy Consortium and project partners from RedTraSex, UNES, PROFAMILIA from Latin America; IPPA and OPSI from Indonesia; SWING from Thailand; regional and global networks of APA, APNSW, and NSWP; as well as CSDF, Heart to Heart, Sankranthi Foundation, Trans Equality Trust, and colleagues from IPPF SARO and the IPPF Secretariat.

Three days of reflection, knowledge-sharing, and collaboration strengthened strategies to advance sexual and reproductive health, rights, and inclusion for sex worker communities.

The Executive Director and Secretary General of the Planned Parenthood Association of Thailand and the Executive Director of the Indonesian Planned Parenthood Association (IPPA) visits Bloom by FPA Sri Lanka.

Save the Date: Medicare 2026

FPA Sri Lanka will have a stall at Medicare 2026, featuring social marketing products and Alokaya counselling services. We encourage colleagues and partners to share this update within their networks and save the dates.

Understanding SRHR, Consent and Support Systems

Alokaya Counselling Centre conducted an awareness session at the NIBM National Innovative Centre for Bachelor's Psychology students, facilitated by Mrs. Kusumanjalee Thilakarathna (visiting counsellor). The session created space for learning, reflection, and informed dialogue on dignity and respect.

DID YOU KNOW

According to the Family Health Bureau (2022), 3.9% of pregnancies in Sri Lanka occur among teenagers, reinforcing the importance of Education (CSE) to adolescents and young people, both in and out of school.

Strengthening Awareness Among Young People

SRH awareness sessions were conducted at the VTA Colombo District Office, Badulla VTA, Colombo District Office, VTA Atthidya, and Moneragala Technical College, equipping young people with accurate information to support informed and responsible decision-making.

Expanding Access Through Mobile Outreach

A mobile clinic was conducted in by the Moneragala Centre in Rath Mal Gaha Ella, improving access to essential health services for an underserved community.
